MEMORANDUM FOR: CHAIRMAN, UTILIZATION ADVISORY BOARD

SUBJECT: Request for Clearance of TALENT Report SPIR-2-56 for Limited
Dissemination (C)

Army Declass/Release Instructions On File
Declassification/Release Instructions on File

1. The Army Member of the Board requests permission to sanitize and make limited dissemination of SPIR-2-56, a TALENT report which concerns certain characteristics of YO-YO radar apparatus.
2. The configuration and measurements to be included in the proposed sanitized report were obtained from both TALENT photography and ground photography which was taken by the Army Attache, Moscow, and submitted as Inclosures to a recent report (R-310-56).
3. The Army proposal for sanitization of SPIR-2-56 is attached as Inclosure 1. Since good ground photography of YO-YO radar exists, it is believed that the release of the proposed memorandum and sketch will not cause any undue curiosity or other interest which could possibly compromise TALENT overflights as a partial source of this report.
